REMEMBER WHEN?

By Manny Rainho

It was the year in which the U.S population reached 153 million, many of whom could remember the Titanic disaster or the last time the Red Sox won the World Series, The average salary was \$3,452. You could buy A Kaiser sedan for \$2,290. A Chevy Corvette might go for \$3,500. A dozen eggs cost 79 cents, beefsteak was \$1.15 a pound. A Crosley 17-inch television went for a steep 140 bucks. A young starlet named Elizabeth Taylor made \$1,500 a week. New on the scene were sugarless gum, the ponytail, Tropicana Orange Juice, power-steering, and Dacron. Budweiser introduced its trademark Clydesdales. Also appearing for the first time were JET Magazine, UNIVAC, and Pan-American Games. A cartoonist began a strip based on his son Dennis, a real menace. Telephone coast-to coast direct-dial service was inaugurated. The first color and coast-to-coast television transmissions were telecast.

Americans were wired coast-to-coast. Douglas MacArthur was fired by Harry Truman; Yul Brenner was hired to portray the monarch in "The King and I", Joe DiMaggio retired; the Allies were mired in Frigid Korea, lowering the temperature of the Cold War. In Indochina, Ho Chi Minh told his rebels to resort to guerilla tactics.

A 16-year old high schooler was mocked by classmates for his hair and first name. The word "rock" appeared on several song titles – "Rock the Joint" by Bill Haley and the Saddlemen and "Rocket 88," produced by Sam Phillips and recorded by Jackie Brenston and later by Ike Turner. Also charting were "Come On-a My House" by Rosemary Clooney, with lyrics, written on a dare, by William Saroyan, "Tennessee Waltz" by Pattie Page, "Because of You" – Tony Bennett, "Jezebel" by Frankie Laine, "On Top of Old Smokey" by the Weavers, "In the Cool, Cool, Cool of the Evening" by Bing Crosby and "Shrimp Boats" by Jo Stafford.

"Jersey" Joe Walcott became the oldest man to win the World Heavyweight championship and Citation, the first thoroughbred to win \$1 million. Bobby Thomson hit the "shot heard 'round the world" to win the pennant for the Giants, but the Yankees won the Series. Other major titles went to the LA Rams, the Rochester Royals, and the Maple Leafs. "Sugar" Ray Robinson TKO'd the "aging" Bull, Jake LaMotta, Kentucky ruled in college roundball and Ben Hogan won the Masters and the U.S. Open. Bill Veeck wowed the baseball world by signing a "little leaguer" – 3'7" Eddie Gaedel to a St. Louis Browns contract. Gaedel, wearing number 1/8 was, later banned.

AT&T became the first corporation, to have one million stockholders and the one millionth American serviceman, killed in action since embattled farmers fired the first "shot heard 'round the world" against the world's mightiest army at Lexington and Concord, fell in Korea.

There were 654 films released with the average ticket costing 53 cents. Big at the box office were "David and Bathsheba," "Showboat." And "Quo Vadis?" Bogie upset Brando's Stanley Kowalski and Fredric March's Willy Loman to win the "Best Actor" Oscar. Other winners were Vivien Leigh, Karl Malden, Kim Hunter, George Stevens and "An American in Paris." Tops on the tube – "Your Show of Shows," "Colgate Comedy Hour," "Toast of the Town (a really, really big show)" "Arthur Godfrey's Talent Scouts," and the brand new "I Love Lucy" and Red Skelton and Dinah Shore shows. If you hold

the secret woid on “You bet Your Life,” you knew a boid would come down from the ceiling with a C-note for a lucky contestant.

A newspaper classified ad read “want modest home large enough to keep the bride from running home to her mother and small enough to keep her mother from coming to visit.

Holden Caulfield was “born” as the “The Catcher in the Rye” was published.

Also born were Sally Ride, Phil Collins, Cheryl Ladd, Michael Keaton, Richard Thomas, Kurt Russell, Sting, Jane Seymour, Joe Piscopo, Meatloaf, Steven Seagal, Anjelica Huston, Lisa Halaby who became Queen Noor, Lucie Arnaz, and Janis Ian.

We bid adieu to “Funny Girl” Fanny Brice, Warner Baxter, who won an Oscar for his role as the Cisco Kid, William Randolph Hearst, Will Kellogg of corn flakes fame, Eddie Duchin, and Herman Hupfeld who penned “A Time Goes By.” We would again hear from Liz Taylor, Ho Chi Minh, Ike Turner, and Sam Phillips who would discover the teenage boy whose hair and First name – Elvis – were ridiculed.

“Anytime” we were told we were “Too Young,” we knew “(It’s No) Sin” to “Sound Off.” “Good Luck, Good Health, God bless You” – 1951

Phone: 219-484-9220

Sorry I'll be unable to attend this function. After school I went to Korea with the Navy. Upon discharge I attended the Art Institution of Boston. Started my art career as an artist at Walt Disney movie studios in Burbank, California. Worked with the TV show "Sesame Street." A short stint with NASA doing artist concepts of space flight. Traveled around the country doing art shows. Currently under a contract with "Penny Lane Publishing," and do cartoons for "Easy Rider" magazines. I'm happily married and am living in the heart of Amish Country, a nice peaceful place to be. Last but not least, I recently became a great grandfather.

2001 finds me still in the homestead at the above address, the place where it all started and now I own the house. I have come full circle in my life and *I call it all good*. I retired several years ago from an executive outplacement agency position in Boston. I had open heart surgery (aortic valve) in 2000, and Mother made her transition six months later (I was her caretaker for 15 years). I am still focused on metaphysical studies and Unity church of God in Somerville, MA, where I am Bookstore Manger. I also see clients for spiritual coaching under the umbrella of *The Energy Exchange*. My grandson (one of three) recently graduated from Moorpark, CA, high school, and when I told him I graduated 50 years ago he was shocked (as I am)!! My daughter Victoria, her husband, 3 dogs, 3 cats and one Poncho, the gerbil, are residents of Sedona, AZ, and Cape Cod. So you can see I have plenty of places to visit, but my Newton roots run deep and it is the best!! So happy to still be on the scene and able to share this 50th with you all ... Best wishes.

Graduated Framingham State Teachers College 6/55; married classmate David Blackall 6/55. Taught first grade one year, Medway, MA. Three children (Keith, Elizabeth, James) and 7 grandchildren. Worked at Needham Public Library 1970-1979. Moved to N.H.; Children's Librarian Rindge N.H. 1984-1987; Jaffrey school cafeteria 1988-1989. Retired to Florida 1990; volunteer secretary with Lake County Fire-Rescue 1992-1996.

ARNOLD, John D. 32031 Point Place, Laguna Beach, CA 92651
Phone: 949-499-0400 E-mail: jarnold917@aol.com

50 years?? NO WAY!!! But since that FACT persists, I console myself by living in Paradise – in Laguna Beach on a bluff overlooking Paradise Cove, with surfers and sunbathers frolicking below. A cave at the end of the cove, and waves crashing against rocks beyond. Who needs Hawaii or the Caribbean?

The last 10 years have been the happiest of my life. That's when I met (and later married) Diane, President of the Boston office of a NY ad agency. Sixteen years younger, she didn't think she wanted to retire – but thankfully changed her mind, and in April 2000, we left our Beacon Street penthouse overlooking the Charles River for Laguna. Now we couldn't be happier, living in this laid back, artistic and environmentally conscious community.

Harvard '55 cum laude while I simultaneously had a 7-piece jazz band playing weekend nights at our local colleges, ran the Harvard Magazine Subscription Agency (also at several local colleges), managed 28 sales people for Cutco Cutlery, etc. Spent 2 summers hitch-hiking 'round this country: 45 states, working cherry and lettuce harvests, short order chef (until fired for pouring a chocolate frappe down the front of an uppity patron in Cottonwood, So. Dakota), etc.

Two years as a lieutenant in an antiaircraft battalion in Mannheim, Germany. Composed of Texan and southern officers, and 76% black enlisted men, I found – and fought hard against – prejudice (see my forthcoming novel, if I complete it!). Married and raised 3 sons: Derek now in Conn., Keith in Tucson, Craig on the Vineyard. Now have 4 grandchildren.

Joined Polaroid in its heyday, then – month after month- put in 100-plus hour weeks for 4 years growing a management development company, ending up as their Director-International. Thirty years ago, started my own company, ExecuTrak Systems, specializing in Decision Making, Communications, Conflict Management and Merger Integration. Authored 6 books in these disciplines published by McGraw-Hill, John Wiley, Doubleday, etc.

Traveling this beautiful planet is my passion; this September we're off again to Tuscany and Provence. In 2002 we've already booked South Africa and Botswana; in 2003 we head for Australia/New Zealand. In my opinion, the #1 Wonder of this World: Macchu Picchu (been there twice).

ARONSON, Marty 1514 Beacon Street, Apt. 48, Brookline, MA 02446
Phone: 617-739-5038 E-mail: martyaronson@rcn.com

After graduating from Dartmouth and Boston College Law School, I became a partner in the Boston firm White, Inker, Aronson PC., specializing in civil litigation as a trial lawyer. Recently I retired (after 3 years with WIA) and now am Of Counsel, continuing to practice but at a much less hectic pace. For many years I've been an adjunct professor at Boston College Law School and continue to teach two courses – Trial Practice and Dispute Negotiations. I speak at legal seminars, and have served as president of both the American Board of Trial Advocates (ABOTA) Mass. Chapter, and BCLS Alumni Council, as well as treasurer and board member of the Mass. Academy of Trial Attorneys.

In 1956 I married Myrna Eisen (Brookline HS). We were gifted with two wonderful daughters, Tracey Aronson & Jennifer Parker. Tracey, a lawyer in Washington, DC, most recently was Chief of Staff at the Securities & Exchange Commission and now is Chief Counsel to the Executive director of the SEC. Jennifer lives in Weston and works for Victoria's Secret in production management and design. Each of my daughters is married and, as a result, I have been blessed with two exceptional sons-in-law and grandchildren, two six-year olds. I take tremendous pleasure and joy in spending time with our close-knit family.

Sadly, in 1994, Myrna passed away. I was, however, fortunate to meet a fabulous woman from Manhattan, Ellen Sax, whom I married in October 1996. Ellen and I live in Brookline where she operates her own special events, meeting planning and touring business. We also maintain an apartment in NYC. We love traveling, theater, sports, cultural events, and spending time with close friends, including namesake Don Aronson...the two of us having gone to school together from kindergarten through Dartmouth!

In September it is back to school as a participant in the Harvard Institute for Learning in Retirement (HILR) program, and I will resume my teaching at Boston College Law School.

ASTONE, Leona (Denaro) 10 Butler Lane, Mashpee, MA 02649
Phone: 508-477-7745

Retired after 20 years in the Payroll Office of the City of Newton Public Schools. Living on Cape Cod and loving it. Going on a Caribbean Cruise on June 24, 2002, with our four children, spouses and 12 grandchildren! Having knee replacement surgery when

we return some time early July. Hope to be well enough to attend the reunion; if not, let me hear from you!!

BALDI, Mario 23 Smith Court, W. Newton, MA 02465
Phone: 617-527-4644

Married 48 years to my wonderful wife, Lynne. Six wonderful children, all grown. We have 8 fantastic grandchildren that have made our life complete! I suffered a severe stroke, closed my gas station, and am now retired. With God's help, I have recovered. I enjoy making wooden items and going to Foxwood. Best wishes to all my classmates.

BERNT, Smoogie (Steiner) 59 Highland Road, Bristol, RI 02809
Phone: 401-253-4549 E-mail: smoog33@yahoo.com

Where have 50 years gone? I was married to Lane McCarthy from Newton for 20 years until his death in 1975. I married Les Steiner in 1980. Together we have 6 children (or should I say adults) and 16 grandchildren, ranging from 2-18 years. Retired and busy traveling, gardening, and am a volunteer for Hospice. A busy, fun life.

BERQUIST, Jane (Schlosberg) 7420 E. Buena Terra Way, Scottsdale, AZ 85250

Bob and I have been married for over 45 years now. Hasn't he been patient putting up with me for all those years! (Or is it the other way around!!) We had 2 daughters – both extremely talented artistically. Carol was an abstract artist, painting in oils. She, sadly, is no longer with us. Lynda began as a graphic designer and now has her own business – “Brandingworks” – where she builds Web sites and guides companies through ‘branding’ their products. She lives in Carlisle, MA. We retired from Bob's family business in Framingham, MA, in 1985 – and in 1986 moved to Arizona, fulfilling a 7 year dream. Out here, I joined Bob in his long-time hobby of building and flying Free Flight model airplanes. I also have volunteered over 4000 hours at the Desert Botanical Garden in Phoenix – learning much about desert plants and the ways of the desert. Both of these activities, as well as travel around the western part of our country, have been very satisfying and help to keep me busy as I want to be. Right now we share our home with two beautiful kitties.

BESSON, Richard T. 2 Flagg Road, Southborough, MA 01772-1413
Phone: 508-481-1463

After high school, I attended Boston University, graduating with a BS degree in Public Relations, Communications and Business Administration. Following a tour of duty with the U.S. Coast Guard, I met and married Trudi Winkler, a beautiful young lady visiting

Newton from Germany. Trudi and I raised four wonderful children, identical twin daughters and two sons. They in turn have blessed us with three terrific grandsons and a beautiful granddaughter. As for my career, it has almost entirely been within the insurance industry. As Director of Human Resources for an international insurance company, I was responsible for all human resources, systems and administration for 250 field offices throughout the U.S. and Canada. Retiring early to enjoy my family and travel with Trudi, I continue to work periodically as a self-employed HR consultant. Today, family activities, maintaining old Newton friendships, frequent traveling, gardening and do-it-yourself projects contribute to a full and rewarding schedule.

BIANCHI, David W. **477 W. California Blvd., Pasadena, CA 91105**
Phone: 627-793-2723 E-mail: cdbianchi@earthlink.net

After graduation from Princeton in 1955, I spent two years on active duty with the Navy as an officer aboard the U.S.S. Coral Sea. Married Nancy Osmers of Tacoma, WA, in 1957 and began career with Honeywell in Boston. Lived in Needham. Transferred to San Jose, CA, in 1960. Son Stephen born in 1961. Left Honeywell for insurance industry in 1963. Two years with Boston Manufacturers Mutual during which moved to Pasadena. Joined Johnson & Higgins in Los Angeles in 1963 and spent next 31 years with them.

Nancy passed away suddenly in 1967. Subsequently met and married Cherry Carter of Pasadena. Daughter Katherine born in 1968. Transferred to Pittsburgh in 1970, St. Louis in 1978, Detroit in 1981, and back to LA in 1987. Was responsible for Western Region for last five years with J & H before retiring in 1995. Territory extended from Denver to Hawaii and from San Diego to Seattle. Great company, great people, great memories.

Now divide time between S. California and Orcas Island, WA, where we have a home and spend the summer. Both enjoy golf, boating, traveling, not-for-profit involvements (YMCA, hospital board) and watching four terrific grandchildren (soon to be five) grow. We've been very fortunate, and life is good.

BIBBO, John P. **805 Lori Lane, Chula Vista, CA 91910**
Phone: 619-421-4734 E-mail: jpbibbo@home.com

In June of 1998, my name was entered as Professor Emeritus of Mathematics in the Southwestern College catalog, culminating 35 years of joyful teaching. Retirement has been wonderful. In my working days, I worked with computers, teaching future computer scientists and programming and consulting for the Navy and SAIC on some sophisticated computer systems. Now, I do home visitations, helping my senior friends with "complex" computer problems, such as email and word processing. If you like pleasant company and good drinking buddies, the pay ain't bad.

Whereas my work days were filled with family, church and work, including college-related activities at local and state levels, my retirement days are filled with golf, church and spending time with my golf partner, my friend, my lover, my wife Enzanetta.

Some time is spent visiting our 6 children, who have all graduated from college; 3 are yuppies and 3 are idealists (although I think my youngest is half and half). My wife enjoys traveling worldwide and to see our 9 grandchildren. I enjoy being with her. Both my wife and I find great joy in working (not the right word) as Hospice volunteers.

My greatest treasures are loving relationships with my wife, my family and my God. I can ask for no more than that.

BIBBO, Raffaele J. 42 Cheryl Lane, Waltham, MA 02451
Phone: 781-894-6827

Married 45 years to Janet R. (Giunta) Bibbo. Children: Janice Sullivan (44 years old, 4 children); Raffaele, Jr. (42 years old, 3 children); Joseph (38 years old, 2 children); and Robert (36 years old, 2 children). Grandchildren: Christopher, Jonathan, Brianna, Maria, Raffaele III, Gabriel, Ceasare, Robert Jr., Olivia Ann, Nicolas and Antonio (11 total).

Career: Builder, civil engineer and registered land surveyor. Hobbies: writing about spirits and ghosts; author of "Spirits Surround Us" (copyright 1990); author of film script, "Haunted by the Spirit" (copyright 2000); produced film, "Haunted by the Spirit" (copyright 2000).

BLACKALL, David K. 2858 Tremont Drive, Eustis, FL 32726-2062
Phone: 352-385-0178 E-mail: PAPAB717@aol.com

Graduated from Boston University, School of Management, in 1955. Made a career in sales and marketing with 3M Company and retired with full benefits in 1989.

Married classmate Justine Appleton, have three children, seven grandchildren. We moved to Florida in the fall of 1990 to be full-time residents and quickly became involved with a number of different activities involving the Shriners, Lake County Fire-Rescue and our church. Dave's interests are in investments, landscape architecture and gardening and helping others who are less fortunate.

BLAIR, Virginia Ann (Firth) P.O. Box 1268, York Beach, ME 03910
Phone: 207-363-3024

I have been married twice. Both deceased. The first was a man from Newton High Trade School. Have a son, William, age 49, and a stepdaughter, Linda, age 48. Three grandchildren and four great-grandchildren.

Retired from Raytheon at 50 after 32 years as a prototype inspector. Summer in York since the early '50s, now live here year round and love it.

School memories: The tunnels from building to building. My girlfriend and I were going with Trade School boys and we could sneak a chance to see them. The

football games at home and away. Robert Morse, who went on to Hollywood. He was a year ahead of me. He was always acting comical when you saw him.

BLAKE, Donald G. 1 Gleason Road, Bedford, MA 01730

Phone: 781-275-7878 E-mail: dgblake@ma.ultranet.com

Married Janet Bova (NHS '52) in 1953. Have four children: Douglass, age 46, Garrett, age 45, Kimberly, age 40, and Andrew, age 39. Retired five years ago after a lifetime in the Quality Assurance field. After several months, a friend asked me to help him part time in a fast-paced mail order company. This soon became full time and I love it.

School memories: Met Janet in my junior year. Life highlights: My six grandchildren: Kyle, Caitlin, Eric, Allison, Kendra and Thomas. Numerous Weimaraner dogs and many cats. Bicycling, computers and of course Janet.

BLOOM, Myrna (Epstein) 20 Hammond Pond Parkway, Chestnut Hill, MA 02467

Phone: 617-465-1141

Happily divorced 9 years after 38 years of marriage. Sold my business and retired. My daughter and son-in-law bought my house. I moved to Chestnut Hill, Newton. Play a lot of tennis. Go to Florida 3 months. I tutor and babysit for my grandchildren. I also help my son in his business. Keep in touch with many of the women I went to High School with.

BRIGHAM, Barbara (Bonvallat) 57 Evans Road, E. Dummerston, VT 05346

After raising our 3 children my husband and I decided to divide our time between VT and the West Coast of FL. A great decision – it enables us to see a lot of family and friends in the winter.

My interests over the years have been: teaching (under Title 1), owning 2 retail shops, lot of volunteering, and serving as a church organist.

BOUDROT-VISCO, Muriel (Mim)

788 Park Sk. Dr., A-24, Naples, FL 34103

My husband Sam and I are snowbirds. We spend 6 months in our Florida condo and 6 months in our home on Cape Cod. We have three grown children and five grandchildren. Our oldest daughter is a publicity agent living in Paris, France. Our son is a research scientist at the Lawrence Berkeley Laboratory at U-Cal Berkeley. Our youngest daughter is an interior designer for a Cambridge-based firm and lives in Sudbury, MA.

Attended U Mass Boston and BC. Married John DelMonte, Newton Centre, NHS Class of 49. Three children, John S., Nashua, NH, Margo Jeanne (deceased), and Arryn Sullivan, West Roxbury; expecting fourth grandchild in November. Career in fine social printing and engraving. Owned retail shop at the Parker House Hotel "Diane Particular Papers & Gifts", still semi-active in this field in Palm Beach area. After marriage, lived in Auburndale and Chestnut Hill for 40 years until retiring to Florida. Widowed four years ago; enjoy golf and travel. Would love to hear from classmates. Very sorry to miss reunion because of a conflicting engagement. Enjoy!

BURKE, Mary Florence (Brinn) 22475 Westchester Road, Shake Heights, OH 44122

Phone: 216-751-3172 E-mail: brinn@neuco.com

Married 45 years (Bastille Day), 4 children, Chris, Carolyn, Keenan and Matt, 8 grandchildren, the oldest are 6-year-old twin girls. Lasell College '53. We have lived in Syracuse, NY, Pittsfield, MA, and the past 25 years in Cleveland. My early career included the brokerage business, pharmaceutical field and development work.

For the past 23 years, I have been a Realtor associated with Prudential Hackett & Arnold, Inc., in Shaker Heights, OH. My volunteer work includes fundraising for The American Cancer Society and The Christ Child Society. I am a member of an Investment Club and a Health Club. My husband Walt (Tufts Engineering '54) retired from GE and has his own consulting business. We travel often to visit grandchildren in Greenwich, CT, and Milton, MA. We plan to visit Prince Edward Island this summer to research genealogy on my maternal side. Most vacations are spent in Brewster on Cape Cod, and Naples, FL, during March. We plan to retire somewhere in the New England area, but for now we enjoy the theater, golf, tennis, baseball (Cleveland Indians) and The Cleveland Orchestra. Among our friends in Cleveland are many former clients that I have met during my career in Real Estate.

Hope to see some of my classmates from The Hyde School and Weeks Jr. High at the Big 50!

Live on a beautiful lake, like to fish and boat. Avid YMCA participant 4-5 days per week. Swim, chair exercise, line dancing, yoga, white water rafting, social activities, trips and travel. Lots more – much fun!

BUTCHER, Henry C. 237 Reynolds Mill Road, York, PA 17403
Phone: 717-428-2597 E-mail: HB6621@aol.com

After High School graduation, I went to Tufts University where I received the BSc degree in Biology in June 1955. I then proceeded to the Ohio State University to pursue graduate studies in Plant Physiology. After one year, our U.S. President decided he needed me in the Army, so I spent the next two years at the Biological Warfare Laboratories at Fort Detrick, Frederick, MD. One good result is that I met the woman who was to become my wife (Betsy Hardy), who was a student at Hood College there in Frederick. We were married after I was discharged from the Army and we went back to Columbus, OH, where I resumed my graduate studies at OSU. While there, we had two daughters, Catharine Anne and Amy Elizabeth. I received my MS degree in 1961 and the Ph.D. in 1964. A postdoctoral Fellowship at The Research Institute for Advanced Studies brought us back East to Baltimore, MD.

After one year of photosynthesis research, I joined the staff of Loyola College in Baltimore, where I spent the next 32 years teaching Biology/Biochemistry. Betsy and I had our third daughter, Ellen Page, in 1965. We retired in 1997 and moved to York, PA, where we presently reside. All three daughters and their families live in Baltimore, so we get to see them (including 8 grandchildren) often. Our eldest grandchild entered James Madison University this fall.

I enjoy visiting with family, sailing, woodworking, Ravens football and travel. Among other travel, we have cruised the Caribbean and had a great trip to Alaska in July of 2000.

Cafarelle, Dorothy Colella

11 Colonial Avenue, Newtonville, MA 02460, 617-969-7599

Married to Nicholas Colella for 32 years. Widow for 16-1/2 years. Have a daughter, Donna, two grandchildren James, 21 and Danielle, 19. Work part time as a cashier, Newtonville Star for many years! Not ready to stay home. Many friends, also widows. I travel and go out for dinner, theaters and bowl with Sons of Italy League.

My memories of my years at N. H. S. are pleasant one. I remember being so overwhelmed by the size of the school and the number of students.

My life with my husband of 40 years is terrific. Our three daughters are wonderful, responsible adults and are happy in their own lives. They are raising our three wonderful grandsons. We spend seven months of the year in Naples, Florida. Our summers are spent in our home in Arlington enjoying our family. We are grateful to have one another to share our lives.

I am the proud mother of two sons and grandmother of four beautiful grandchildren. Presently I am an Assistant Principal in the Boston Public Schools. I will be retiring soon moving on to an Assistant Professorship at one of the local colleges. Education is the focus of my career.

My high school memories center around the many friendships established and planning the social activities for our enjoyment.

Life highlights have been travel primarily in the U. S. I have 5 more states to visit to complete my 50 state tour.

I have been invited to the White House to a function by President Carter for Head Start when I was the President of the National Head Start Association. I am presently serving as the President of a local chapter of Delta Sigma Theta.

Being named as an American Teacher of the Year 2000 by one of my former students.

Cass, Edward P.

4272 Bridgeway, Irvine, CA 92714

My wife Joann and I celebrated our 41st wedding anniversary this year. We have four adult children and five grandchildren, ranging from almost five to 17. After living in Illinois, Massachusetts, New York and California. Irvine, California has been our home for the past 26 years.

A degree in Chemical Engineering brought me a career of working for various companies including Union Carbide, W. R. Grace Chemical Co., All Phase Colorants, Colloids and,

finally, Bacon Industries Inc. of California, where I have been the General Manager for the past 26 years. My work spanned chemical laboratories, sales, and, finally, a combination of management and sales. I am slowly working toward a semi-retirement, but am not there yet.

I have had a life-long interest in trains. In recent years, bridge and orchids have been serious hobbies. Joann and I worked up the courage to play tournament bridge and have enjoyed the experience. Winning the occasional master point reinforces our interest to keep on playing. Not being one to do things half-way, I have an extensive collection of orchid plants.

Married June Blackwood Class of 1953. Retired from Hansen Elect Supply, Inc., Framingham, MA 01701. Four children. Six Grandchildren.

Coffey, Daniel

97 Haskell Street, Beverly, MA, 978-922-2513

Still married after 31 years, wife Nancy (first and only) supports the family at Operation Bootstraps, Lynn, teaching new people English. I retired after 35 years or so informing people about their lives, via newspapers. The news business I was in provided very little money and had its ups and downs, like Sisyphus himself. But at least I could talk to people and not to a television screen all day.

At least once a year I think of our classmates and just can't think of more than one of them whom I disliked or who was nasty. There was always something in them to like be friendly about.

To entertain the world, I play the metal flute in two community bands, and the wood flute in various groups including the Boston Scottish Fiddle Club, which welcomes new members, and any instrument; and every few weeks throughout the year I run a five-to-ten mile road race.

4 Children – 6 Grandchildren

On the board of the Chernobyl Children Project. The project brought children to Boston for 1 month from the contaminated Chernobyl Nuclear disaster. Many suffering from cancer and disabilities. It was very rewarding, especially for the grandchildren.

Connolly, Peggy Meintjes

60 Park Avenue, Asheville, NC28803 828-277-7365, Pmeintjes@AOL.

Peggy Connolly met John Meintjes in NYC where they both worked for Phillips Petroleum Co. They married in 1965. John was born, raised, and educated in South Africa and is the only person in his family to immigrate to the USA. John and Peggy were transferred by Phillips to Germany where their daughter and son were born. From Germany they transferred to Switzerland; another transfer to Belgium; another transfer to Oklahoma; another transfer back to Belgium. They returned to the USA in 1988 and presently live in Asheville, NC. They have two children, six grandchildren and three step grandchildren. Their daughter (a graduate of Clemson University in South Carolina) is a Registered Nurse and her family in Charleston, SC. Their son (a graduate of Arizona State University and an MBA from Southern Methodist University in TX) and his family live in Fort Worth, Texas. Both John and Peggy spend a lot of time on the computer, traveling, socializing and enjoy viewing the beautiful mountains of Western North Carolina from the decks of their home, especially the spectacular sunsets.

I look back at undergraduate work at Brown, graduate work in hospital administration and social work and a career in various areas of psychiatric hospital administration. Have a wonderful family including my husband Owen and six great kids (three mine; three his) four grandchildren and one expected in October. Travel a great deal and have seen most of the world, including Antarctica. When at home, am involved in volunteer work for a community counseling group and our temple. Love visitors and a chance to reminisce.

Duffy, Patricia M. Selby

2888 La Concha Drive, Clearwater, FL 33762, 727-573-5646

The years have "flown-by" since our 06/51 graduation from Newton High School and I mean that literally, as I have logged thousands of flying hours employed as a Flight Attendant with Trans World Airlines. There have been many magical moments in my life and the first is my marriage to Jack Selby (42 yrs) the birth of our children, John, Jr., Deborah, Mark, Robert and the birth of our "millennium" grandson, Bobby, Jr. on July 8, 2000.

Jack, a T. W. A. pilot and U. S. A. F Col. Is now retired but is still active in the Executive Flying Field. We have traveled to all 50 states and lived in six, Mass, Wisconsin, New York, California and 28 years in Ridgefield, CT. retiring in '93 to Florida. Being an airline family provided us with a wonderful, exciting and educational lifestyle including international as well as domestic travel. We recently cruised to Alaska and this is a

“must” voyage for all (Awesome!). Deb, Mark & Toni, Bob & Tracey, and Bobby all live in our area. John resides in CT.

Another “magical moment” occurred in October “79” when, as a member of a 400 voice choir, we sang at Yankee stadium at a mass celebrated by His Holiness Pope John-Paul (2nd). I have been involved in concert chorale, chorus and choir singing for over 40 years which included performances at Carnegie Hall, Alice Tully Hall (John Rutter conducting) and Ruth Eckerd Hall in Clearwater. In July 1994, we presented an Allied Musical Salute to the Liberation of France (50th) Anniversary during a two week tour of France. Needless to say, Paris is my all-time favorite destination. At present, I’m a member of St. Catherine’s Choir, The Clearwater Chorus and the City Players of Clearwater and we are in rehearsal for the summer production of “Cinderella”. We love our Tampa Bay Buccaneers, Devil Rays and support the Performing Arts and Florida Orchestra.

I have many memories of friends and activities at N. H. S., the tunnels, dances in the gym, football games, student productions, choruses with Mr. Lasker, but most of all the excellent education I received from the Hyde Elementary School, Weeks Jr. High and Newton High School. I am also proud and honored to at the tail end of what is now called “The Greatest Generation”.

Durkee, Elaine Jean Farnham

5588 Pillar Ave., Spring Hill, FL 34608, 352-686-5460, rapel@atlantic.net

Employed at Boston Gas Company April 1951 to October 1955. Married August 1955 to Ralph Chandler Farnham of Newtonville in Summerville, SC. Ralph was in the Air Force and we were stationed at Charleston AFB, SC. Son Douglas Chandler Farnham was born Jan. 7, 1956 and a daughter Karen Ann Farnham July 18, 1958 both born at Charleston Naval Hospital.

Ralph went to Viet Nam in November 1964, Elaine, Doug and Karen went to Barre, VT until January 1966 when the family moved to Otis AFB, MA. Leaving there in May 1967 for Hickham AFB, Hawaii returning February 1967 living in Waltham and Acton while Ralph was stationed at Hanscom AFB, MA. Ralph went to Wake Island for a year and in Nov 19670 retired from the Air Force after 20 years. While Ralph was on Wake Island Elaine worked part time in lunchroom of Acton High School. The family moved to Williamstown, VT. Elaine then worked as a para professional in Home Ec for 4 ½ years until Karen graduated. Elaine then had a variety of jobs and Ralph worked in Montpelier, VT. Karen enlisted in the Air Force 29 years after her father had. Dough went to Vt. Technical College for a year then onto Walker Motors in Montpelier, VT where he still works. Doug is Select person in Barre Town, VT also. Karen after a year in Air Force got married and is presently self-employed in the computer field living in VA. Both have a son and daughter.

We moved to a new home in Spring Hill, FL in October 1985 stay in Graniteville, VT mid May thru September at a campground.

Jane and I will be celebrating our 40th wedding anniversary this June. We have three children and four grandchildren. John Jr. is about to retire as a USAF air traffic control supervisor. Youngest son William is a sergeant with the Dept. of Corrections at Folsom Prison. Daughter Julie works with Intel close by. Fully retired since 1989 and enjoy gardening, photography, genealogy, and computer flight simulation. School memories consist of the NHS-North Haven HS school exchange, our 40-0 win over Brookline HS Thanksgiving 1950, and classmates that I still correspond with via the internet and snail mail. The two biggest highlights in my life are the woman I've been married to for four decades and flying for the USAF for 25 years.

I am now a full time writer and sent my first novel out in June. No response, yet. I'm working on number two. Until last year, I spent 20 years running a high tech Public Relations agency in Silicon Valley. Prior to that, was VP American Electronics Association; manager product press relations corporate-wide and worldwide at Hewlett Packard; press relations manager, Tektronix in Oregon. I have also worked in other research and writing jobs since graduation from Simmons with a degree in Physics, minor in Journalism. Miscellaneous post-grad courses in everything from Management and Marketing to Chinese Brush Painting.

I have four kids. Jim is a senior programmer, financial software, John is in securities running his own company, Elaine has her own consulting business in marketing for the chemical and water products industries, Andrew is a market analyst for Nike. The three boys are married and created a total of five grandkids for me. Great kids.

I enjoyed high school and the people I knew then. I haven't kept in touch with more than a few, since most of my adult life has been spent in the west – Oregon, California, and briefly, Arizona.

Hobbies are bicycling, hiking, reading, writing, and travel.

Seven years ago I sold my marketing research business, which had been very successful attracting a wide array of national and international accounts. Now, I have settled more into a retired, tho' busy, mod . I do work occasionally as a free-lance consultant and also have considerable curriculum involvement with the retirement learning program at the University of Cincinnati. We also go to a lot of concerts, both symphony and chamber music and theatre. I love my computer and rediscovered bridge! Mainly we have the latitude to maintain a flexible schedule allowing my husband, Lee, and me to travel during the year as well as to spend the summer at our cottage on Lake Sunapee, NH.

Fortunately, I'm in good health and try to maintain a regular regimen of physical activity and exercise along with a modicum of golf. We still prefer more adventurous travel and been to Antarctica, India and Nepal, New Zealand, Costa Rica (with 4 children + 4 spouses), Ecuador/Galapagos (with 2 oldest grandchildren), Tanzania, Botswana, Greece, Turkey, Portugal, and Australia.

Our four children are all married, and we are lucky to have ten wonderful grandchildren and one more on the way. Our daughter lives in Providence, a son in Albuquerque, and two sons in Cincinnati. Our oldest granddaughter will start at Brown University this fall.

I'm still married to my childhood sweetheart Dan – **48 years plus** and still going strong. We have three boys and one girl, all happily married and all together produced six grandchildren. Yea! All doing great.

Over 20 years we enjoyed boating traveling up and down the New England coastline. Now that Dan has retired his Welding business of 35 years, we have been traveling the U. S. in our Holiday Rambler motor home living the good life and seeing this beautiful country and meeting of lot nice people. Especially nice when we caught up with Sandra Powell Jones in Arizona after 45 years sof keeping in touch. It was just like we met yesterday.

I love to write humorous short stories and make a variety of crafts for my small business and keep in touch with long time friends.

After graduation, I attended Kathleen Dell Secretarial School in Brookline and started my career as a secretary which I still am on a part time basis. My children, Richard, Victoria and Valerie are my pride and joy and best friends. We all now live in Deerfield Beach, Florida but I am fortunate to have held on to my beach house in Scituate, Mass. Where I go every summer – longer and longer each year. I stay for about five or six months there and then go back to Florida for the winter. I play Scrabble with a group of friends and am an avid crossword puzzle fiend. I love being at the beach in Scituate and the pool in Florida. A good life!! Am looking forward to seeing many of my friends from Newton High. I enjoyed helping out at our 25th Reunion and the returns came to my house in West Newton then. I remember that I couldn't wait to open my mailbox to see who responded. Hope we have a good turnout this time. Fifty years, wow, can you believe it?

Following graduation from NHS in '51, I became a Dental Nurse after successfully attending Boston School of Dental Nursing and continued to live and work in Newtonville. Allan graduated from Harvard in June of 1955 and two days later we were married at Central Congregational Church in Newtonville

In January of '58 we moved to Arlington, Virginia where Allan, then in the Army, was stationed at Fort Myer Chapel as Chaplain's Assistant. I continued my work as a dental nurse there for two oral surgeons.

Our first son, Daniel Bruce, was born at Walter Reed army Hospital, Washington, D.C. on Aug 7, 1957. The following year we moved back to Massachusetts, first living in Framingham for seven years then moved to Sudbury for 24 years. Our second son, Scott Allan, was born at Framingham Union Hospital on Dec 4, 1958.

In 1970 Allan left his position as Director of public Relations for Fabric Research Laboratories, Inc. of Dedham, Mass. And joined the PR staff of Boston Edison Company. In 1973 he formed the Visual Communications Division of the company and constructed and directed operations of their complete in house television production studio.

Allan retired in the spring of 1988 and we moved from Sudbury to our home on Long Lake in Bridgton, Maine. In 1995 we built a home in Crystal River, Florida and officially become "snowbirds".

While living in Maine, Ginny was appointed Chairman of the Western Maine Christian Women's Club and was a member of the Bridgton town Band, continuing the trumpet as she had at NHS. We also were active in the local snowmobile club (riding all over Maine and in to Canada) as well as spending hours aboard our touring motorcycle all around New England.

In 1997 we left Maine and moved to our present home about 3000 feet up in the Blue Ridge Mountains of western North Carolina. The community is called Connetsee Falls on the outskirts of the City of Brevard.

Our Son, Dan, his wife Jeanette and their two daughters, Bethany (15) and Kelsey (12) live in Lake Mary, Florida. Son, Scott his wife Jean and their Daughter Ashley (14) have just recently moved from Mass. To Carolina Beach on the coast of North Carolina

It doesn't seem possible we're out 50 years. I've done all the life cycles since then 3 children, 1 divorce, taught school, been in public relations, and worked for 15 years as a social worker with the Massachusetts Social Service Dept. During that time I became a foster mom to another son, who has graduated college and is employed by Enterprise Rent-A-Car. Both sons still live in the Boston area and one owns the restaurant Franca's where we will have dinner on Friday evening. My youngest daughter is an executive with Ford Motor Co. in Detroit and the oldest daughter is a manufacturer's rep for jewelry and owns Stonepalace a catalog and Internet company in Richmond Va. Together they have given me 3 grandchildren with one on the way.

My house has become a boarding house for foreign doctors. I subsequently have the opportunity to travel all over the world visiting with new and old friends.

For many years I have been on the Appeals Committee of the Harvard Pilgrim Health Plan. I have been active in the Boston Center for Independent Living and started their Development fund; I have also discovered the Elder Hostel trips that are just fabulous taking me to other parts of this country. . I encourage everyone to try them. Playing Duplicate Bridge keeps my mind going and is a real entrée when visiting here and abroad. I've enjoyed being part of the committee arranging the reunion. I cherish the friendships we made over the years and feel lucky to have such a lovely group of classmates

It's a bit tricky to condense Fifty years into one-half page, but if any besides those near and dear to me are interested in what I've been up to they can visit at <http://www.mhhmd.com>. I'm likely to be there for a good while. After high school I worked at Perkins Institution for the Blind and also in the Howe Laboratory of Ophthalmology at the Mass. Eye and Ear Infirmary. Both experiences provided the impetus for me to become interested in the problems of sight and the brain.

After graduating from school in Cambridge I went to Washington University at St. Louis Medical School and from there to the Johns Hopkins Hospital for two years. I returned to the Boston area for a six-year residency in neurosurgery at the Massachusetts General hospital and remained there as a clinical associate until I was drafted a few weeks short of my thirty-fifth birthday

My two years in the army were at the 249th General Hospital outside of Tokyo. Our mission in 1967 through 1969 was "to conserve the fighting strength". I did what I could and after my tour of duty and a "Letter to the President" in LOOK magazine in 1979 I spent as much time as I could lecturing and speaking out against the enormity of the

International Armed Conflict. The State Department and American Medical Association sent me to Vietnam as a visiting neurosurgeon and lecturer in neurosurgery in 1972.

I spent eight months in Stockholm at Karolinska Sjukhuset caring for patients with a technique that was then relatively new-stereotactic neurosurgery (briefly, directing extremely delicate instruments deep into the brain where neurosurgeons fear to tread). Although I've now retired from clinical practice I continue to make rounds with my colleagues in the field and am impressed with what the next generation will be able to do using computers along with radiological and robotics techniques that will be further refined in these next decades. Of course most of us won't be around to see those advances. I spend more time than I like to think about attending funerals and memorial services of those to whom I've been close these past fifty years.

I play the oboe and recorder. I love music and theater and get to as many performances in around Boston as I can manage. My four children are grown, five grandchildren are growing and currently I'm a bit busy making toy chests and rocking horses for the older ones, cradles for those yet to come. I've never owned a television set-don't plan on ever having one. I married a woman from Sweden when we were both young and had an amicable separation and divorce after twenty-two years.

I practiced neurosurgery in Boston and the MetroWest area for a quarter century until a jury was duped into making a rather bad call. However, funny thing do happen all in all life's been good with more than a little help from significant others. I climb Mt. Washington each summer that I can. I'll be trekking up at the end of July.

Memories of Newton High in 1951 remain idyllic and fragile, especially compared to your new millennium. It'll take some courage and good humor to possibly dash or replace those Norman Rockwell images by attending the reunion. But the thought of renewing friendships and recalling a remarkable collection of teachers, together is irresistible. Henry Bissess inspiring creative writing; Bucky

Walters, terrorizing us into a better understanding of math; Slim Summerville, whose dazzling lab experiments nearly led me to become a physics major; Maggie South, whose memory bank convinced me to stay away from history; Abner Bailey cutting me from the Junior Varsity baseball team; and flirtatious Chemistry teacher Mr. Hall are the few who immediately come to mind. Little did I realize how strong an impact they would have on the following 50 years!

Career discovery began with undergraduate days at Brandeis University, leading to graduate studies in architecture at Harvard. Four years of architectural practice in Boston set the stage for going west to San Francisco with my new family, where modern design would be much more at home than New England. In 1964, I opened an architectural practice, combined with teaching half time at the University of California, Berkeley.

The practice has focused on community-oriented clients; affordable housing, public and private schools, libraries and religious structures. An AIA National Honor Award in 1990 marks the career highlight, so far although a new marriage to Susie

Coliver, my architectural partner, tops everything! Two sons, Peter the architect, who just opened his practice in Boston and Perry the act-writer-computer whiz in Los Angeles, complete the family picture, along with a grandchild from each of their marriages.

So, give me an "N"!....you know how to spell it, now let's hear us yell it!

I am still married to the same young lady I started out with 41 years ago. We have been blessed with four great kids and at present we have 13 grandchildren and 3 more on the way. this includes a set of triplets, who are now 7 years old. Our youngest daughter lives 2 houses away from us so there are always grandchildren around and we like that very much. My career, as a Newton Police officer for 31 years is over. I then worked for eight years at a private golf course. From there I sold my clubs to Tiger Woods and he seems to be doing OK with them. I am currently working for a transportation company in Newton.

My school memories are few, except for a great bunch of kids I met while at Newton High School.

Enjoy working with the committee for the class reunions and some members go back, believe it or not, to the first grade with me!

Stay well, and as we say in the Marine Corps! Semper Fi. Skip

I been married for 47 years, I have one daughter, 37 and a grandson 14, I enlisted in the United States Air Force April, 1951 and retired some 25 years later. I am a Korean and Vietnam Veteran and a disabled Vet.

After I retired from the Air Force, I got into law enforcement and became a Deputy Sheriff in Rapid City, South Dakota. I then retired from there with the rank of Sgt. in 1989. Moved to Las Vegas in Jan. 1990, to be with my daughter and grandson. I have been living here ever since. I attended Newton Trade School, but I quit before graduation to enter the service. I miss all my friends that I grew up with and wish I could see them again. I would give anything to be able to attend the reunion but due to health problems it is impossible.

Best wishes to you all and have a good time.

After attending Colby Junior College I married Kenneth Eaton and 47 years later he passed away. We raised one son and two daughters. Mark followed his father into the computer business. Both girls are married and each has two children. Pan, the oldest has one son and one daughter who just graduated from the University of New Hampshire. Heather, our youngest has two sons both in school. We enjoyed traveling while Ken was

in the Army. When we settled down we bought houses in Framingham, Holliston and Kennebunk, ME. After Ken's illness became severe we moved to Fox borough and now I live with Heather and her family in Norton. I do some traveling and have a keen interest in genealogy, where my computer comes in handy.

I have fond memories of NHS and the Totem Pole, skating on Bulloughs Pond, Saturday afternoon football games and many more.

We have had three children; Dr. Daniel Masliah who lives in Grand Rapid, Michigan with his wife Kim and their children Jordan and Jamie, Edward Saleh, of blessed memory, who died in an accident when he was 24 years old, and Richard Saleh, who is an industrial engineer and is living in Atlanta, Ga. With his wife Lois and 2 children, Sergio and Larissa.

I got a Masters Degree in elementary education at Boston University and taught school for 6 years. Jack is a retired urologist.

We have traveled extensively internationally and in the US. We are now content to visit our children and go back and fourth every 6 months from Chicago to Florida. We have the best of both worlds! Our greatest joy is being able to spend with our grandchildren.

My years at Newton High School gave me much to be grateful for. The academic challenge and social life of those yeas built the foundation to succeed as a 40-year old student at Bridgewater State College, a summa cum laude recipient of BS in Education. An earlier married life gifted me with three fine sons, but brought its sadness with the loss of our firs born at the age of 18, and subsequent transition to singe life. However, my work as a teacher and continuing education to earn a Masters Degree from Cambridge College kept the days busy and personally fulfilling. In the last decade, a change in career has led me to join the family business, which specializes in sale of ornamental tree and shrub seeds worldwide. I now live with my partner, a childhood sweetheart, who is a writer with a townhouse in Washington, DC. We own rambling, bowed-roof home nestled in the bend of a country road, with marsh and woodland views. This is a time for enjoying children, grandchildren, the pleasure of travel the warmth of a sunrise, and the splendor of a moonlit night! It is a time for coming closer to nature, for gathering up a life to put all its parts in the right place.

I attended Bryant & Stratton School in Boston and began a forty-year career with a small manufacturing company in Waltham. I worked my way through the ranks moving from secretary to the President and Treasurer to Sales Coordinator and finally settled in as Office and Personnel Manager. I formally retired five years ago. I have served as an on call consultant until the facility closed in September of this year.

Twelve years ago I married Robert Davis, Marcia Day Davis' brother in law and moved to Winthrop. He is also retired and that allows us time to spend in the garden. He is trying to teach me about gardening but it is a tough job. I do not have a "green thumb". Retirement has given me more time to spend with my sewing hobby. I am teaching the children's classes for a local sewing machine store and loving it! My new computerized sewing/embroidery machine is a challenge but great fun.

I retired at the first of the year from the municipal administration position I held for 36 years. It was a decision not easily made as I truly enjoyed my job. I am continuing to perform several part-time jobs for the Town in which there is also long-term involvement. My husband, Ken, retired several years ago, however, he continues as part-time wire inspector in another town. He also does some consulting in a related field. Our daughter, Debbie, is an accountant. She is married and lives about a half-hour away. At this writing I am not entirely into retirement mode. But, there is more time to tend my flower gardens, for which there is a positive result thus far. Congratulations to all fellow classmates, who have made it this far, and continued health and happiness.

No career...a dabbler. Went to Colo Univ. at boulder for 3 years (geology and art) then left to get married. Lived in rural France (NE of Bordeaux) for 2 years (would that I had paid more attention in French class!). Then spent 6 months biking and camping through No. Europe. We moved to Berkeley, Ca. Where I had 3 girls in 3 years. In the 70s I went back to school (UC Berkeley) to study physics and astronomy. Since then I have continued with life drawing, camping in the high Sierras, and more recently, snow camping and cross country skiing. Now spend most of my time gardening and playing with 3 grandchildren who lives near by. Their mother Catharine, is an artist and papermaker. I travel occasionally...most recently staying at Misaki, the Univ. of Tokyo marine biological lab, with my daughter Cynthia, a traveling marine scientist moving from grant to grant. My wife, Mary and I have three children and five grandchildren. Pat was a physical education teacher for children ranging from preschool to college. What else would you expect of a student at NHS who won nine varsity letters!

I am a psychologist working at Dartmouth College in New Hampshire with associations with the Dept. of Psychiatry and Pediatrics. I work primarily with children with significant disabilities and their families. I love my work!

Our memories of NHS are fond ones. The education we received was first-rate even though homework's tough at times. We treasure the friendships we made both with classmates and teachers. Also we'll never forget the four or so miles we had to walk to school. Our kids laugh when we tell them of the four-foot high snowdrifts.

It doesn't seem possible that fifty years have gone by. I looked at our yearbook and on reflection it appears that I always knew what I wanted to do "TRAVEL." The most amazing thing of all is I am still involved, it appears old travel agents never die they just keep on going! It is difficult to give up something you love to do.

I also volunteer with a senior computer group teaching "50 plus" adults basic computer skills. It is great fun seeing older adults honing their skills on the computer and joining the 21st century.

My current passion is Genealogy. It is wonderful fun trying to piece together one's family history.

It is hard to believe that 50 years have gone by since our graduation from the "Old Newton High School."

I have had a wonderful life and was blessed with a super wife. We raised 8 children, which resulted in 15 grandchildren. Unfortunately I lost "Nonie" to breast and bone cancer in March of this year.

Our children have been very supportive and are helping me through a very difficult time. I am planning to return to the work force and have plans to travel through out the States visiting my children. Their locations range from FL, WA, MN, VT and of course MA. I would enjoy hearing from any and all at any time.

After graduate school, I settled in New York in '61, lived a marvelous single life there until marriage (also marvelous) in '64, and have lived there ever since. Professional life included a number of years in investment banking, followed by venture capital investing, until the early 1980's when 3 Yale professors and I started one of the early biotech companies. That was acquired by one of the major pharmaceutical companies 10 years later, so we started another biotech company in '94 (see www.ipd-discovery.com), which still keeps me fully engaged, and out of trouble. The pace of the science is exciting stuff. The education we got at NHS was clearly first-rate, a fact, which has been confirmed, time and time again. Great memories. In fact, it would be wonderful if some of our teachers are still around and could join us at the reunion, but if not it will be terrific to see the '51ers after these 50 years.

I got drafted for 2 years (56-58). Went to Berklee School for a short time and started gigging as a jazz musician. I played bass for a while and switched to electric bass. Worked with Woody Herman, Billy Eckstine, Red Norvo, Teddy Wilson. Played for channels 2,4,5,7 in Boston. Best of all – For 8 years at Playboy of Boston with a great pianist named Bob Winter.

A few years ago, had to quit smoking (or die). So I quit both cigarettes and beer. Can't quit the butts and keep beering. Couple of years later I quit smoking grass. Lo and behold – I started disliking nightclubs! So I quit music! I'm now driving taxi at Hyannis airport. Found I'd rather talk than play.

REES, Peter O. 909 Oak Point Road, Trenton, ME 04605
207 667 7828, E-mail rees@midmaine.com

Married to painter Phyllis Rees for 40 years; two grown daughters, two teenage grandchildren. Living near Bar Harbor ME since 1975.

After college in PA (majored in physics, then English), a checkered career. To Harvard for a masters in anthropology and then a doctorate in counseling psychology. Stayed out of wars due to being a conscientious objector. Worked in school system in Nigeria from 1964 to 1967. Lift there by driving across Sahara and on to Norway.

Back to Harvard faculty for a couple of years teaching psychology in education school; then to VT as director of Putney School from 1969 to 1974, followed by another six months camping around Europe.

Finally settled down here in 1975. Ran community mental health center and then a residential treatment center for wild adolescents. Private psychology practice since 1982, including school and court consulting, and treatment program for adolescent sex offenders; now partly retired.

Very active in social organizing and training for peace, justice, and gay rights for many years. Maintain communications network among peace, justice, equal rights, and environment organizations. Working for ME Attorney General in school Civil Rights Team Project.

Have been in touch with Charlie Butter (fellow psychologist) and Conrad Terkelsen (fellow Mainer), but no other NHS classmates. Looking forward to meeting other fellow geezers. Avid sailor, hiker and skier. Aged out of white-water kayaking a few years ago. Really enjoying life, good health, happy marriage and living in a beautiful place. We have been very lucky.

REGAN, Theresa M. Beaston, 25 Rebecca Rd., Wrentham, MA 02093

Our 10th reunion on May 27, 1961 was special for us. It was our first date and we were married 1 ½ years later. We have three daughters, a son-in-law, and two grandchildren – Meghan 7 and James 6. Besides being involved with our family, we enjoy gardening, travel and staying in touch with some NHS classmates.

RIZZA, Eleanor R. Kearney, 14 Poplar St. Framingham, MA 01701

Married 48 years – 5 children – 8 grandchildren. Retired

School memories are of terrific friendships, some of which are still going strong. I wish all our classmates health & happiness for many years to come.

RIZZA, Vincenzo S. (Jim), 479 Hosmer St., Marlboro, MA 01752

Classroom burnout led me to retirement in '94.

My latest hobby (obsession?) is genealogy. Two recent trips to Newfoundland, in search of roots, should substantiate this. I visited the wooden church where my great – great – grandparents were married, walked the streets they lived on, and viewed the same harbor & cliffs as they once did.

Adrienne Depper, my oldest friend, died in '98. I'll miss having her with me at this reunion, but talking about her with old friends well be comforting.

Bert and I divide our time between CT and FL where our two sons live. David owns a swim suit company; Robert is an osteopathic physician. I am retired art gallery owner, photographer and political consultant and was involved with many secular and civic organizations. I'm still active with the Brandeis Women's Committee and in community affairs, and was privileged to play a key role in bringing the Aids Memorial Quilt exhibit to Danbury. A special part of my life is my friendship with Lois Lubits Allen and Bryna Cohen Pothouser and other high school friends. Bert and I enjoy family, friends, travel and bridge.

We retired to Bonita Springs, FL in 1993 and really enjoy living here. I keep busy with volunteering as a Guardian Ad Litem for the 20th Judicial Circuit. Tennis and bridge also

keep me very busy. My husband, Larry, is building homes – so retirement is really what you enjoy doing. Our 3 children are not married – no grandchildren!
I'm looking forward to seeing everyone and renewing friendships

SCHLOSBERG, Robert (Bob), 7420 E. Buena Terra Way, Scottsdale, AZ 85250

I retired in 1985 and moved to AZ in 1986 to enjoy the sun and warm winters. Return to MA frequently to visit family and old friends. Jane & I had 2 daughters, Carol and Lynda and both developed considerable artistic talent. Carol graduated from Yale with a master's degree I art at age 34. Lynda graduated from Ohio U. and is now a successful graphics designer, has her own business and lives in Carlisle, MA.
We're now married over 45 years and it seems like yesterday (1947) when I flirted with Jane in Home Room 209 at Warren Jr. HS.

Family: Married -2 daughters -1 son -1 grandson

All children have Masters Degrees and one has a PhD. One daughter lives in Watertown, one daughter in NYC, and my son in Orlando. All support themselves and are great to be with.

Personal: Graduated Tufts in 1955 with BA degree -Magna Cum Laude, Varsity Swimming Team & Associate Editor of the 1955 Yearbook

MBA Degree in 1957 -University of Pennsylvania Wharton Graduate Division.

Summer of 1955, I traveled across the country for over two months. Paid for entire trip by working the wheat harvest in Kansas and at the food service company at Disneyland in Anaheim (which had just opened).

September 1955- I joined the National Guard in a medical detachment - I was called into active duty for a six month period -Basic training @ Fort Dix-NJ and medic training @ Fort Sam Houston in San Antonio, TX

March 1956 -Toured Mexico City & Acapulco after release from Army.

April 1956 -My father asked me to join his fledgling company (Corona Curtain Mfg. Co.)for a 6 month trial period. Forty years later, I sold the business and went into semi-retirement. There were four employees (including Dad & myself) when I began; when I left, there were 160 on the payroll.

May 1998 -Started a new company(Franklin Cushion) which distributes advertising novelties. Original product was a "Soft Bun" -combination tote bag and seat cushion - logos of universities and high schools were imprinted on the outside. I market tee-shirts, caps, glass & ceramic mugs, insulated auto coffee mugs, disposable cameras etc. This takes 75% of my time.

May 1998 to present -Additional activities

Involved in many mental health organizations such as Riverside Community Care (director), Mass. Clubhouse Coalition (board member), Neponset River House - Norwood(clubhouse volunteer & advisory board member), International Clubhouse Center for Clubhouse Development -NYC(advisory board). Following graduation from Newton North I attended and graduated from Tufts University with a joint degree in Chemistry and Math. I married shortly after graduation and my son William was born in 1958. My marriage ended in divorce a few years later. I went to work for Raytheon Company at their Missile Systems division in Bedford, MA. During the next ten years I worked full time and attended school evenings and completed a master's degree in Mathematics and graduate studies in electrical engineering. I retired from Raytheon after 40 years and shortly thereafter was hired back as a full-time consultant doing Radar Systems Engineering on the Theater High Altitude Area Defense (THAAD) Program. I am currently employed in that capacity.

Last year I married my longtime partner Lowell Eubanks and we continue to be very happy together. My interests are contract bridge (I'm currently vice-president of the Eastern Massachusetts Bridge Association and am a candidate for president this year), gardening, gourmet, cooking, traveling, sewing, and playing with my three grandchildren, Michael (11), Catherine (6), and Meghan (4). Lowell and I spend considerable time at our summer home in Truro, on Cape Cod. If you remember me, call and let's renew our relationship.

Left Newton 12 days after graduation joined Army. Spent 1 year in Monterey, CA at Army Language School, studying Greek. Learned to speak and read it fluently. Then got sent to Salzburg, Austria. Beautiful countryside, great place to be stationed during the Korean War, but no Greeks there! Became a glorified clerk in Army Security Agency. Got home in '54, and went to Amherst College, graduated 6/59, majored in Dramatic Arts, acted in 18 plays in 4 ½ years. Also spent much too much time at college radio station. Left for a semester in junior year, worked at radio station in New York, out on Long Island, as DJ. After college, worked for a year as admissions recruiter for Long Island University, then taught English and Drama at St. George's School, Newport, RI. After 2 years of that, came to California and have been here in S.F. Bay Area ever since '62. Drove a streetcar on Market Street for a few months, sold aluminum siding, encyclopedias, candy machine franchises, soap and insurance. Also taught school here for 6 years, then got into community mental health, and ran a community-based mental

health/drug- and – alcohol-abuse facility for 18 years. Spent 12 years in private practice of psychotherapy, retired from everything in April 2000.

Married twice: once in 64, for almost 4 years; and 2 wonderful children; again in 85, still married. 2 wonderful stepchildren. One step-grandchild, and my daughter expecting in September.

Richard and I met 51 years ago in Newtonville's Brigham's. We've been married for 47 years. During that time, I've experienced several "careers" – from dental assistant to English teacher, from business communicator to writer. I've studied at universities and learned through travel. For 25 years, I've loved and participated in canine events with six terrific golden retrievers. Together, Richard and I enjoy the arts, antique car touring, and keeping current with a lifetime of special friends.

I can't believe its 50 years! Fortunately, I am in good health, and have reached a stage in my life of inner satisfaction and spiritual happiness. It's been a long and bumpy road but always eventful and interesting.

After NHS, I was fortunate to attend Williams College where I graduated with a major in Philosophy. Then Navy OCS and 3 1/2 years as an officer in the canoe club stationed on a Destroyer Minelayer out of Charleston, S. C. Being the generation between Korea and Vietnam, the experience was without the horrors of war but with the excitement of playing with the Military's big toys and cruising to some interesting parts of the world. Like most of us not knowing what to do, I opted for graduate school. After my first year as an MBA candidate at Harvard, I married # 1. Upon graduation, on to conquer the world as an advertising executive for Benton & Bowles in New York. After 6 years, I decided to come back to Boston and work with my dad in the family wholesale floral business. Unfortunately, marriage failed but resulted in three great kids. I remarried and raised two more boys. Obviously, I still didn't learn how to cope with the opposite gender and this marriage was also terminated. However, I must admit that I am still enjoying the learning experience.

I am now retired and living in Farmington, ME, which is in the foothills of the western. Maine Mountains. Spectacular environment and close to Skiing. Logged 70 days skiing Sugarloaf last winter. Summers are spent on my sailboat out of Rockland, ME. Classmates are invited to ski with me in the winter or sail in the summer.

SUTHERLAND, Fred, 476 White Birch Farm, Haddam, CT

Am still teaching and department head. Would you believe my 41st year. Probably the only one from our class still going at it. Keeps you young. We had a great class and even a better time during our tenure- at Newton- High; I'll never forget Roger Howlett and some of his episodes in Mr. Heinzelman's English class. I laugh whenever I think of Mr. Cutting when reading-"Tess of Durbeville". I still see Ronny Ruffo jumping on to the ice at the Garden during the tournament vs Melrose and he forgot to take the tape off of his blades. Needless to say he went on his butt with his feet flying up in the air. He then

could not get up. The place went crazy. I thank our beloved Alice Kennedy for her faith in me and her guidance. The positive influence of all of the coaches played an important role in my life. We were fortunate to have people like Warren Huston, Bill Connors, J. C. Hall. Fergy and George-Winkler and others as our coaches. Remember all the school dances, the Totem Pole. I remember the very important role that my first love had on my life. Trips to HO-JO's, Mona Lisa. Bob Wilkie forgive me for not putting Duffy on his back and allowing him to come in on you all alone. I cannot believe to this day I didn't destroy him. I got a little lazy and tried to just poke the puck away. Thanks Bill Cavanaugh, Bob Wilkie, Gib Studley, Bob Clarke, Johnny Dutton, Tom Joyce (D.) for the fifty and more years off friendships.

My wife Virginia is still teaching 6th grade in Essex, CT. My son Sean (18) is a senior this year. He is a great golfer and plans on going to college down south. We all still are in excellent health. We work hard and play hard. The high light of my life was excepting Jesus Christ into my heart in 1981.

Following high school graduation & then graduation from Northeastern, I moved to NH to work for a surgeon. In the fall of 1952 I entered & won the title of Miss New Hampshire. Such a marvelous year that was!! Competing in Atlantic City for Miss America, doing speeches & traveling the State of NH until Miss NH 1953 was crowned. Marriage, work & raising four children kept me busy till the "flew the nest."

After 9 years as a widow, I have married a widowed farmer. We now raise beef cows & I have 2 horses. We are constantly asked how we are enjoying retirement? Retirement?? What is that??

Wife: Betty Joy. Born one of the many Minnesota Larsons but I found her in Mississippi. Children: David -now living in Bellingham MA with wife Karla and daughters Allison and Sarah, is a supervisor screen printing technician.

Joy -living in Denver CO, graduated from DU and never came home, so to speak, is a Certified Massage Therapist.

I've bounced around some -not necessarily intentionally. Served 4 years in the Air Force on six different bases. Graduated from the University of New Hampshire, majoring in animal science. Was a County Extension Agent in 4-H Club Work. Was Materials Manager for Adamation, Inc. Became Warehouse Manager for Sack Storage, Inc. Took my first crack in business for myself as a GBS Business Consultant -lost my shirt. Became an engineering tech for digital equipment. Got an MEA from Northeastern. Then was downsized out of Digital and took early retirement to Maine. Gathered all my marbles and tried the business thing again as Packaging Plus -lost the rest of my shirts. Will have to spend the rest of my life working part time to supplement Social Security.

Get my biggest kicks as Lieutenant and Training Officer in our Volunteer Fire Dept., as a driver in our Volunteer Ambulance Corp., volunteering in Literacy Volunteers of America and 4-H Club work and Waldo County Triad. I have even gone back to school to get certification and a license as an EMT -B.

Tewksbury, Diane, Cowie, 41 Whitley Trail, Plymouth, MA 02360
508 759 4499

After living 37 years in Medway, we purchased two acres of woods in Plymouth, built a new home and moved in three years ago; Now, retired, we are busier than ever-enjoying the Cape Cod Canal and the Plymouth waterfront, as well as going over the bridges to Cape Cod -it's a great life. Busy With local activities and involved in our new church which traces it's heritage to the Pilgrim's. Imagine! Also gardening, attending concerts how did we ever find time to work, we often wonder.

We have a new grand daughter, Emma Elizabeth, and are constantly driving the distance to Marblehead, where our daughter and son-in-law have just purchased another home. Our daughter, Dawna, returns to teaching in the Marblehead School System this fall. Our son, David and his family (two children) live in Texas.

We celebrated our 40th wedding anniversary in June with a 9 day cruise from Puerto Rico to the Islands and Bermuda, arriving in New York. After years of travel to far and exotic places, we are enjoying our days in Plymouth and are not traveling as much as we used to. Do get up to Maine a lot, however - one of our favorite places!

Since my second husband died (in 1995), I have been a long-term substitute in the South San Francisco School District. (Not part of SF) I also teach a tax class and do taxes (for H&R Block) in the tax season. I have 2 children – one boy who is an insurance broker – and one girl, a lawyer. I also have 5 stepchildren and no grand children (an aging concept, as is retirement).

I loved high school – so I'm there every day. Things are not that different 50 years later! My students are very curious about my years at Newton High. (And whether there were drugs unfortunately) I hope the reunion is a BLAST!

Since retiring from the Newton Public Schools as a principal in 1989 ending 34 years in public education, I moved on to become assistant to the president for Affirmative Action and Diversity at Lesley University in Cambridge, MA. This is a position that I have enjoyed for the last 12 years.

Two of my three children are married; a son Clark lives in Newton and has two children, Bianca Ann 12 and Edmund Clark 10. My daughter Lisa Gordon lives in Reston, V A and has two sons, Marshall Julian 3 and *Samuel* Connor 1. My younger son, Craig is single and lives in San Francisco and is a carpenter by day and a musician by night.

In addition to enjoying being "gramps" to four, I enjoying traveling, dabbling in the culinary arts, walking and my life-long love affair with music.

Life is truly good and I am grateful to have good health, a great family and wonderful friends- "I can't believe it's been 50 years since N.H.S.- Can you??"

TUTHILL, Robert W. 12 Thistle Lane, Amherst, MA 01002-2822

After graduation from Newton High: took AA degree at Newton Jr. College; completed a B.A. degree at UMass, Amherst in sociology; served 2 years in the Army Medical Corps at Valley Forge Hospital in PA; returned for a Master's degree in sociology at Univ. of Pennsylvania in Philadelphia; spent 3 years on the research faculty at UPenn Hospital tal Dept. of Psychiatry; married my wife Jackie and returned to Univ. of North Carolina to complete a degree in Epidemiology while working part-time on research in the Dept. of Maternal and Child Health In 1970 completed my doctoral degree and joined the faculty of the School of Public Health at UMass, Amherst where I taught and conducted research until my retirement as professor emeritus in August 1998.

My wife Jackie and I met at the bus stop where we both took the bus to work, and shortly win be celebrating our 37th year of marriage. Although Jackie is retired also from her job as administrative assistant to the Dean of Faculty at Hampshire College, our pace of life still seems hectic. We are each active members of a number of organizations, are in good physical condition and especially enjoy day hiking and walking. I still work one day a week as a consultant. We feel fortunate to have avoided any of life's major illnesses or tragedies.

After Our two very tall sons have done well for themselves, one receiving a degree in computer science from UCSD and the other a degree in computer systems engineering from Umass. Our first son is currently a technical team leader for AOL, and our other son is a network administrator for the UMass central computing system. We have a 16 month old grand-daughter whom we thoroughly enjoy watching develop basic life skills.

UFFORD, Joy, Penderville, 133 O'Hare Road, Canonsburg, PA 15317

After graduation from Lasell I worked as a secretary in Boston for 2 years then became a Flight Attendant for TWA where I met my husband. He clipped my wings and I was a stay-at-home Mom while raising 4 children (all born within 6 ½ years) until they were in junior high and high school when I had to back to work to put them all through college. After working 20 years I retired 5 years ago and help out taking care of some of our 7 grandchildren.

I keep pretty busy with church and community volunteer work. I retired as church organist several years ago but still fill in for a number of area churches when needed. Still enjoy working with my hands so do lots of knitting, sewing, painting, crafts, etc.

508-295-1890

I married Rick Rycroft (class of '50) and 15 years and 3 children later found myself on my own. I learned that God hates divorce but loves the divorcee and I have remained single.

A wonderful teaching career of 23 1/2 yrs. enabled me to take an early retirement and prepare for full-time ministry. Teaching was the last thing that I wanted to do when I entered college 50 years ago. Back then I wanted to be in ministry! I direct "My Father's Place--Life-line Christian Ministries". The 'work' is all volunteer and I continue to study and still have much to learn.

Son Bob teaches English at a private school in CT near his home in Bethlehem. Daughter Joan and her husband Ted (Guenard) live in East Wareham. She is with Genzyme. Son David lives in Woodbridge, VA with wife Lisa and my 2 grandsons - Nathan 14 and Christopher 9. They all are good golfers if we don't compare them with Tiger. David was teaching math until Nathan was born and now is in management with the Disney Co. and also with Power Line Golf. I miss those great NHS teams in every sport. Fifty years has passed quickly and my faith in God reminds me that we are on earth briefly and that we can use our time here in preparation for spending eternity with our Creator.

Retired in 1995 after 35 years as a contract negotiator for major industrial aerospace/electronics contractors. Primary accountability was for airborne, land, surface and subsurface weapons and communications/Elint systems and subsystems for the domestic as well as friendly foreign military. Secondary work included commercial ATC systems for Canadian and German airports. I was busy in most of Europe; including the Balkans and the major Far East countries. Russian commercial interest was developing fast when I decided to walk. From radars to sonars, missiles to mines, I always had a full plate; I loved it. (Not exactly PC in PC Newton)

Married to wife Barbara for over forty years; we have five children and six grandchildren.

The highlight of my life might have been seeing most of the world doing what I loved and doing so, like Columbus, on somebody else's money. Another may have been successfully negotiating with an obstinate Yugo flag rank officer in Aug.'

85(Before the Wall came down) in Belgrade and having HIM offer ME a consultants job. Retired; I'm fortunate enough to do whatever I want to do and so far, I'm having fun! I certainly hope that all of *you* are having fun too.

Lesson affirmed: Being underestimated can be a pivotal asset for the prepared opportunist.

After NHS graduation, Jacky Wilhelm and I went to the University of Connecticut. In 1956, I graduated from Boston College School of Nursing and began working at Children's Hospital Medical Center.

I married my NHS senior prom date and just celebrated our 45th anniversary. We have three adult children and five grandchildren.

In 1980 I became a Licensed Social Worker and have worked in the field of adoption and child welfare for 25 years, both as an adoption placement worker, search coordinator, and member of the state's foster care review panel.

I treasure my memories of NHS days, with wonderful friends, and constant laughter.

WILBAR, Wheaton, 62 Tyler terrace, Newton Centre, MA 02459-1814
617 527 1312

Graduated from Massachusetts College of Art in 1955 with degree B.F.A.

Self-employed in commercial art for some years, then developed interest in charting for family history research. Edited and produced newsletters for several associations related to genealogy. Still active as a member in genealogical and historical organizations.

Currently president of the Samuel Francis Smith Homestead Society, Newton.

WILHELM, Jacky, Feighan, 7320 Olivetas, La Jolla, CA 92037

After graduation from University of Connecticut School of Nursing – worked in prison ward of Bellevue Hospital. Married & lived in Ohio 1 year. Back to NY for 2 more years. Moved to La Jolla in 1960 & am now happily divorced with 5 children & 6 grandchildren. Worked as a public health nurse for UCSD Medical Center until last year. My two sons are full time lifeguards here in San Diego & four children live close by. Oldest daughter lives in Puento Vallarta, Mexico. She & her husband have a beach side restaurant there “La Cebolla Roja”. My two other daughters went to Katherine Gibbs in Boston – so my East Coast ties are still there. My best friend Sue White Sullivan has been coming here for the past 20 years or so & we vacation in Palm Desert after visiting Ann (McCarron) Kenny in Huntington Beach. I return to Boston for my “LEAF FIX” in autumn & Sue & I stay at her summer home in Popponesset Beach. Ten years ago I backpacked through 7 European countries staying in private homes & traveling the “Eurail Way”. My passion is Straight Ahead Jazz which started in High School when the gang would drive to Storyville & park outside in the car & listen to the “Greats” that

performed. Then Birdland in NY. Now it's Jazz weekend parties in L.A. Looking forward to going to Sullivan's when I return for my first reunion.

After Newton Junior College, U Mass and my 2 years Army hitch, I married Martha Kelley (Newton) in 1960. Three children and six grandchildren later, we now live in retirement in Weston, FL. My career consisted of 34 years with SDC/UNISYS as a facility manager in both Lexington, MA and Santa Clara, CA. I retired in December 1991 and have enjoyed every minute since. Golf, tennis, woodworking, volunteer work and grandchildren fill most of my time these days. We have been blessed with good health, good friends, and a wonderful family. I am forever thankful for the good fortune to have been born and raised in the time and place we share with our former classmates. School memories? The teams, on which I was fortunate to play, the Sunday afternoon baseball theory sessions at Coach Ferguson's home, and many long - lasting friendships.
